Special Request Section

Upon talking to a representative of JK Rentals, Inc. about a special order and getting approval and pricing, write that information in the lines provided below and who gave you the authorization at JK Rentals, Inc.

Tent Information – Please read completely.

Tents are flame retardant vinyl and include all necessary materials and labor; sidewall is also included. Many more sizes are available than what is listed. Please call us if you need other sizes. If you need your tent or equipment by a specific date before the show start date, please contact us to see if additional fees will occur based on the required set-up date. **You must circle on the map provided where your tent will be located and provide complete dimensions of the lot and exactly where you want the tent in feet from the North, South, East and West. Incorrect or not completed information will result in either your tent not being set up or an additional charge if your tent must be moved. Please note when placing the order for your tent that tents are staked out an additional 5ft on each side for a tent that is 7ft tall and 7ft for a tent that is 9ft tall. You must give consideration for this additional staking as tent cannot be staked any shorter or outside the boundary of the space you rented.**

Rental Order Form Tent Location

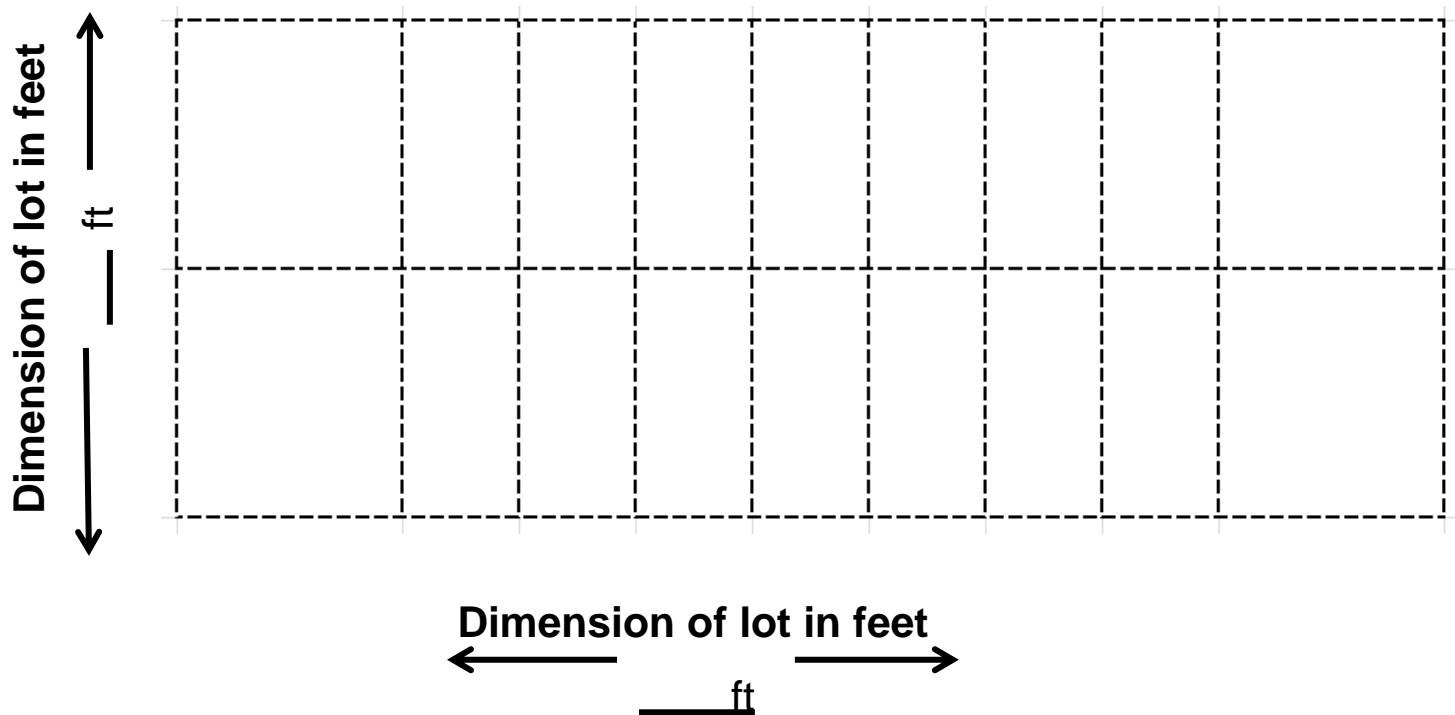

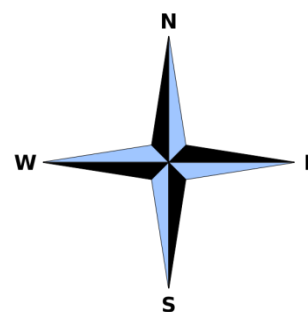

**This map should be used if you are placing tent on multiple lots in an 18 lot area.*

Please note: when placing the order for your tent that tents are staked out an additional 5ft on each side for a tent that is 7ft tall and 7ft for a tent that is 9ft tall. You must give consideration for this additional staking as tent cannot be staked any shorter or outside the boundary of the space you rented.

This must be filled out and returned. JK Rentals, Inc. will use the information that you supply to place the tent. If the information you supply is incorrect and if the tent needs to be moved additional charges will apply. On page 8 of this packet you must highlight on the map your lot(s). Please choose the layout that best fits your order.

The following information is required:

1. Lot number(s): _____
2. How many feet from the North of the lot? _____
3. How many feet from the South of the lot? _____
4. How many feet from the East of the lot? _____
5. How many feet from the West of the lot? _____
6. How many feet for length of lot(s) (North to South)? _____
7. How many feet for width of lot(s) (West to East)? _____
